

ELEVATOR HOISTWAY ACCESS KEY BOXES AND PARTS

HOISTWAY ACCESS KEY BOXES

Key box designed to hold all sizes of emergency door keys. It consists of main box, box cover and breakable glass.

MAIN BOX

Main box made from 16 Ga. (0.06") galvanized steel, with two #6-32 x 7/16" inside welded studs, and 1/4" mounting holes on the back.

GLASS

Breakable glass with red background and black silk screen text.

FINISHES

Key box covers available in brushed (#4) stainless steel or brushed (#4) bronze finishes.

INCLUDED

Wrench for outside security #4-40 screws and extra screw included.

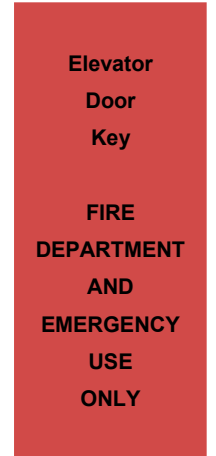

MOUNT

Surface mount installation is standard. Recess flush mount installation is possible with custom made 1/4" deep cover. Please inquire.
