

EMERGENCY DOOR RELEASES AND PARTS

EMERGENCY DOOR RELEASES

All door releases made from stainless steel and design for surface mount. Available in stainless steel brushed (#4) finish or bronze electroplated finish over brushed (#4) stainless steel.

Fronts are solid or with break away glass. Locks are registered and keyed alike. Keys cannot be removed in open position.

The boxes designed to receive a standard heavy walled EMT pipe nipple, cut and threaded to fit your thickness. Each emergency door release comes with set of two (2) keys and 24" chain with pull ring to adapt to a through the wall application. Replacement or longer chains and pull rings are available.

Models EDRC and EDRC-B are excellent choice for dumbwaiter applications.

DOOR RELEASE DIMENSIONS and OPTIONS

Model	Outside dimensions	Finish	Front	Key
